Mr. [Redacted]

The first suspension period for AL 4093-E will end 12/27/2012. The Energy Division needs more time for review. In order to file for second suspension, the Energy Division will need to issue a draft resolution before 12/27/2012. A draft resolution issued by 12/27/2012 will need to be revised. Therefore, we would like PG&E to voluntarily extend the first suspension period for AL 4093-E for 45 days until February 10, 2013.

Thank you.

Joanne Leung
