#### Advice 3350-G/4166-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Request for One-Year Extension to Pacific Gas and Electric

Company's Bill Relief Program for Customers Affected by the San

**Bruno Accident** 

### **Purpose**

Pacific Gas and Electric Company ("PG&E") hereby submits this Advice Letter to request an additional one-year extension of the authorization granted in Resolution G-3450 to provide bill relief to PG&E customers affected by the San Bruno accident. In addition, PG&E requests a limited revision, effective February 1, 2013, to Gas and Electric Rule 9, *Rendering and Payment of Bills*, to reflect this extension. This bill relief will continue to be shareholder-funded by PG&E.

PG&E requests approval of this advice letter on or before January 23, 2013, with an effective implementation date of February 1, 2013.

### **Background**

On September 28, 2010, PG&E filed Advice 3155-G/3739-E requesting CPUC authorization to provide immediate bill relief to those customers impacted directly by the September 9, 2010, San Bruno accident. PG&E requested that such bill relief be effective through December 2010 and be funded by PG&E's shareholders. To implement the bill relief, PG&E requested that the Commission approve a one-time deviation from Gas and Electric Rule 9, *Rendering and Payment of Bills*.

On October 14, 2010, the Commission's Energy Division requested that PG&E file a supplemental advice letter for Advice 3155-G/3739-E to describe PG&E's bill relief plan in greater detail. On October 20, 2010, PG&E filed supplemental Advice 3155-G-A/3739-E-A which superseded Advice 3155-G/3739-E in its entirety. The Commission

issued Resolution G-3450 on October 28, 2010 approving PG&E's request, including the proposed tariff revisions to Gas and Electric Rule 9.

On September 29, 2011, PG&E filed Advice 3239-G/3914-E to request a one-year extension of the authorization granted in Resolution G-3450 to provide bill relief to PG&E customers affected by the San Bruno accident. In addition, PG&E requested a limited revision, effective February 1, 2012, to Gas and Electric Rule 9, *Rendering and Payment of Bills*, to clarify the terms of the extended bill relief program, which would continue to be shareholder-funded. PG&E received approval of this advice letter on December 1, 2011, with an effective implementation date of February 1, 2012.

PG&E submits this advice letter to request another one-year extension of the San Bruno bill relief approved in Resolution G-3450.

### **Extension of Bill Relief**

In Advice 3155-G-A/3739-E-A, PG&E requested authorization to provide bill relief to customers directly impacted by the San Bruno accident. Consistent with Resolution G-3450, PG&E provided bill relief to non-displaced customers through the December 2010 billing cycle, and PG&E plans to continue to provide bill relief to displaced customers through the January 2013 billing cycle. PG&E has identified customers associated with 20 addresses that are currently eligible to receive the bill relief through the January 2013 billing cycle.

As the Commission recognized in Resolution G-3450, it may take many months to rebuild. PG&E anticipates that 20 customers may still be displaced (i.e., their homes will not have been rebuilt) by the end of the January 2013 billing cycle. In order to mitigate the harm caused by the San Bruno accident and to help return the community back to normalcy, PG&E requests authorization to extend bill relief to these displaced customers by another one year -- through the end of the January 2014 billing cycle.

### **Bill Relief Extension Terms**

The extended bill relief program will continue to be governed by the terms below:

Customers of record who were considered "Displaced from Service Address" and were eligible for rate relief through the January 2013 billing cycle will not be billed through the January 2014 billing cycle, unless the following occurs:

- 1) Homeowners return to their homes; or
- 2) Homeowners sell their eligible property.

If either of the above conditions occurs during the February 2013 through January 2014 billing period, the rate relief for those customers will end effective on the date of such occurrence.

The identified homeowners' bill relief will extend to their temporary residences, including, but not limited to, residences that the customer temporarily occupies with family or friends. The bill relief will be applicable to one temporary residence at one service address for each affected San Bruno residence.

All associated energy charges and applicable taxes for the temporary residence will be covered consistent with the PG&E proposal adopted in Resolution G-3450, using PG&E's shareholder funds. In short, the customer will receive no bill. The customer will work directly with their specific Claims Manager, Relationship Manager or the PG&E Contact Center, to inform PG&E of any changes in temporary housing during the bill relief period.

PG&E will continue to handle complex or unique situations on a case-by-case basis.

### **Accounting Procedure**

PG&E will continue to use the same accounting procedure proposed in Advice 3155-G-A/3739-E-A and approved in Resolution G-3450.

### **Tariff Revisions**

PG&E requests a further revision of Gas and Electric Rule 9, *Rendering and Payment of Bills*, to implement the one-year extension. Please see the attached tariff sheets for revisions to Gas and Electric Rule 9, effective February 1, 2013.

### PG&E's Bill Relief Program Report

In Resolution G-3450, the CPUC required PG&E to issue a written report describing the results of the program within 60 days following the conclusion of the bill relief program. PG&E requests that the due date for this report be extended as part of the extension of the program, such that the report will be due within 60 days following the January 2014 billing cycle.

### **Protests**

Anyone wishing to protest this advice letter may do so by letter sent via U.S. mail, facsimile, or E-mail, no later than **January 9, 2012**, which is 20 days after the date of this submission. Protests must be submitted to:

### **Effective Date**

PG&E requests that this advice filing be approved on or before January 23, 2013, with an effective implementation date of **February 1, 2013**. If such approval is not granted by the requested date, PG&E will conditionally provide bill relief beyond the January 2013 billing period as described in this extension request until the Commission addresses this request.

Pursuant to Resolution G-3450, which provided that "Any minor changes PG&E requests to the bill relief program adopted herein filed by AL may be approved or rejected by ED staff based upon its assessment of the request's reasonableness and if no valid protests were filed," PG&E submits this as a Tier 2 advice letter.
