Subject: RE: PG&E GRC -- October workshop deck

Steve,

I left you a voicemail this afternoon. For the Jan 18 workshop, can PG&E include in its presentation a slide and some discussion about the development of the GRC revenue requirements and the results of operations modeling process?

I can discuss early next week after you have had a chance to think about this. I would like to know whether this topic can be included in the presentation by Tuesday 12/18 if possible.

Thanks,

-Don (703-1063)

Subject: RE: PG&E GRC -- October workshop deck

Thanks, Steve.

I think it is a good idea to update the Oct 2012 presentation for use at the Jan 18, 2013

workshop. I will look at the Oct workshop deck in detail and let you know if I have any specific suggestions.

-Don

Importance: High

Don,

Per my voicemail, here is the deck that PG&E presented to folks in October who were interested in hearing about our NOI.

Given the fact that many folks will likely be attending the January workshop that did not attend the October workshop, we are currently dusting this version off and refreshing it to make it current with the content of the Application. We are thinking about using a revised version at the January workshop, but before we got too far, we thought you might want to see this prior version in case you would like to give us any advice or direction concerning the upcoming workshop.

Please feel free to give me a call if you'd like to discuss.

With thanks,

Steve Frank
