Subject: Re: CPUC Safety Symposium - Planning meeting W/utilities 1/30 in SF

Thanks Jane.

Yes, this cold or flu is miserable. I m scheduled to be in the office on the 30th, so it should work. The only meeting on my calendar right now is a 1-2 pm meeting, so i would just need to work around that.

julie

Hi Julie --- sorry to hear you are out ill --- I actually just got back in last week after being out for a while with the flu. It's been a prolonged recovery on my end.

We postponed the call we were to have with Bill Scott (from Jim Hall and associates) – but I did get a chance to talk with Bill a bit. We thought it might be a good idea to get Sempra (Bret Lane) and Southwest Gas (Jerry Schmitz) and PG&E (me) together with you, when Bill Scott and Jim Hall are here on 1/30 Wednesday.

I contacted Bret and Jerry, and they could fly in for a meeting late the morning of 1/30 or early afternoon. Do you think you could accommodate a meeting? Future ones could be via phone, but it may be good to have one face-to-face to discuss content, logistics, and any assignments you'd like to make.

Get better soon,

Jane
