Julie

Thanks for carving out time tomorrow before the conference discussion.

Our goal for this meeting is closure: agreement on penalty and next steps to formalize the compliance plan.

Jane and I are available to stay after the conference discussion if we don't quite finish before. When we last met with Gen Hagan we set a target of Feb 4 for his signature on a document. So we are hopeful!

See you tomorrow. We will bring a final compliance document with SED replacing CPSD etc.

Thanks again

Laura
