Catherine - are you interested ? If so, can you suggest some times that work for you when you are NARUC ?

Hi Brian,

Tony Earley, Melissa and I met with Congressman Ben Ray Lujan (D-NMexico) last week to discuss areas of interest. The Congressman just got appointed to serve on the Energy and Commerce Committee, he is a former PUC Commissioner with a keen interest in utility issues. One suggestion that emerged during our meeting was that of getting Commissioner Sandoval together with him while she is here presumably, for the NARUC meeting next month. Can you help facilitate this? Congress is scheduled to be in session the week of February 4th and the Congressman let me know after our meeting that he will make every effort to attend a prospective meeting. I can check his calendar if you can provide some dates/times.

Please let me know if you think this is doable. Thanks, [Redacted]
