This one is a different client. But it's the same general approach!

He is always very pleasant to deal with in amongst the confusion and stalking, though...!

I understand. It's magnified because Steve often doesn't have a clue and the clients never do. Blind leading blind.

Perhaps he wants to talk Oakley. He's still representing them.

Of course, personal email!

I know I CAN handle Steve. It's just a question of whether I want to.

He always represents the clients that don't seem to quite have a clue... or maybe It's my imagination. I should be more charitable.

LOL! Brian says he hasn't had any communication with Scott, only TS in his personal email, obviously. You can totally handle Steve . . .

Still. Doesn't look good...

Apparently as of getting back from lunch, [Redacted] is stalking me.

I have two voice mails and Scott M says he's called three other times!

Why again would I want to keep this job? !!
