Noel, here is the draft pleading and declaration under penalty of perjury in response to yesterday's ALJ Ruling requiring us to supplement the Gas Compressor Station GHG Cost Recovery application with supplemental responses to the ALJ's questions. (I have also attached the ALJ's ruling.) I expect you will need to file your own declaration, but feel free to reference our declaration if it would be helpful. Call if you would like to compare notes; this seems to be a lot of extra work for both of us! Also, Jordan should feel free to call Sujata directly as well.

Thx!
