Quick follow up question on PG&E's response to Question 1B. Assuming that the 39.22 Energy Procurement FTEs identified in PG&E's response does not include staff working in PG&E's transmission dept, can PG&E provide the number of employees and FTEs working on transmission that worked on the RPS program in 2011. If you only have the FTE number that is fine.

Please respond by Thursday, January 24.

Thanks much
