Advice 4178-E
(Pacific Gas and Electric Company D U 39 E)

Public Utilities Commission of the State of California

Subject: Revisions to Electric Rule 22.1 – Direct Access Service Switching Exemption Rules, and Electric Form 79-1014 - Direct Access Customer Relocation/Replacement Declaration In Compliance With Decision (D.) 12-12-026

Pacific Gas and Electric Company ("PG&E") hereby submits for filing revisions to its electric tariffs. The affected tariff sheets are listed on the enclosed Attachment 1.

Purpose

This advice filing revises PG&E's electric Rule 22.1, Direct Access Service Switching Exemption Rules, and revises and renames the Direct Access Customer Relocation/Replacement Declaration (electric Form 79-1014) as Direct Access Customer Relocation Declaration (electric Form 79-1014), in compliance with Ordering Paragraphs (OP.) 6 and 7 of Decision (D.) 12-12-026.

Background

On February 23, 2012, Alliance for Retail Energy Markets (AREM), Retail Energy Supply Association (RESA), and Direct Access Customer Coalition (DACC) filed a motion for an updated status report on the Investor Owned Utilities (IOU) compliance with D.10-03-022 and requested a blanket waiver of the requirement to file a motion each time to obtain subsequent updated reports. Responses to the February 23, 2012 motion were filed on March 9, 2012 by PG&E, and jointly by Southern California Edison (SCE) and San Diego Gas and Electric Company (SDG&E).

On May 31, 2012, the Commission issued an Administrative Law Judge (ALJ) Ruling soliciting comments on the Party's blanket waiver request and on the recommended process improvements for managing the DA load cap contained in a

Working Group Report submitted by the parties in November 2010.

On July 10, 2012, AReM, California Manufacturers & Technology Association (CMTA), DACC, Energy Users Forum, RESA and the IOUs jointly filed comments on the Ruling. In the comments, based on consensus discussions, the parties proposed that the Commission's Energy Division (ED) prepare annual status reports on an on-going basis, and revisions to the "Relocation Form" and "Lottery Process" originally proposed in the November 2010 Working Group Report.

On December 20, 2012, the Commission issued D. 12-12-026 which granted the blanket waiver of the requirement to file a motion each time a status report update is requested, directed the ED to prepare an annual status report, and adopted revised procedures for the processing of enrollments of Direct Access (DA) rights pursuant to D.10-03-022, whereby qualifying customers became eligible to enroll in DA service, and revisions to the DA Relocation/Replacement Declaration to provide for the relocation of DA rights, under certain conditions, to an existing bundled service customer site.

PG&E submits this advice filing to adopt the ordered changes to the DA switching and enrollment process and DA Relocation form and requests a February 1, 2013 effective date to allow time for the notification of these changes to active Electric Service Providers.

Tariff Revisions

In compliance with Ordering Paragraphs 6 and 7, PG&E proposes the following tariff revisions:

1. Electric Rule 22 Direct Access Service Switching Exemption Rule has been revised as follows:
 - a. The Decision has been incorporated by reference into the introductory paragraph of the rule.
 - b. Added a new Section D Post-Phase-In Period to incorporate the revised switching and enrollment process set forth in Appendix 1 of the Decision.
 - c. In Section D.1 clarified that the 9:00 a.m. start and 5:00 p.m. end time of the five-day enrollment period are adjusted for daylight saving time.

2. Electric Form 79-1014 Direct Access Customer Relocation/Replacement Declaration, has been revised to adopt the revisions set forth in Appendix 2 of the Decision and renamed the Direct Access Customer Relocation Declaration.

ELECTRIC RULE NO. 22.1
 DIRECT ACCESS SERVICE SWITCHING EXEMPTION RULES

Sheet 1

The following terms and conditions apply to both PG&E customers and electric service providers (ESPs) who participate in Direct Access (DA) as defined in Rule 22.

The following rules implement the Switching Exemption Decision (D.) 03-05-034, which adopted guidelines regarding the rights and obligations of DA customers who return to Bundled Service and subsequently switch back to DA service, Decision Regarding Increased Limits For Direct Access Transactions D.10-03-022, which adopted guidelines regarding the rights and obligations of non-residential bundled service customers to switch to DA service, D.11-12-018, which reduced the minimum commitment on Bundled (T) Portfolio Service from three (3) years to eighteen (18) months and D.12-12-026, which adopted a lottery process in lieu of a first-come/first-served process. D.03-05-034, ID.10-03-022, D.11-12-018 and D.12-12-026 established provisions for eligible DA customers regarding: (1) Transitional Bundled Service; (2) Bundled Portfolio Service; (3) Phase-In Period and (4) Post-Phase-In Period. Pursuant to D.05-12-041, customers receiving (T) Direct Access Service, Transitional Bundled Service or Bundled Portfolio Service may be automatically enrolled in a Community Choice Aggregation Program as described in Rule 23.

Effective March 11, 2010, the right to transfer to Direct Access service is closed to residential customers. However, a residential customer previously classified as DA-eligible that submitted a six-month notice to transfer to DA service prior to March 11, 2010, retains a one-time right to transfer to DA service pursuant to D.10-03-022 and the conditions set forth in Section B, below.

Customers switching to or from bundled service (with the exception of Transitional Bundled Service described in Section A of this Rule) shall notify PG&E six (6) months in advance of their intent to switch.

A. Transitional Bundled Service

1. Transitional Bundled Service (TBS) is effective February 19, 2004, and allows DA customers to return to Bundled Service on a transitional basis while switching from one ESP to another, or for similar or related reasons where TBS is needed.
2. The TBS provision is limited to a sixty (60) day period. The sixty (60) day period begins on the day the DA service is disconnected, which is the day PG&E starts supplying power to the service account (Day 1). By no later than the end of the sixty (60) day period (Day 60 of PG&E supplying power), PG&E must be in receipt of a Direct Access Service Request (DASR) from the customer's new ESP to switch the service account to DA service. In addition to meeting the DASR provisions set forth in Rule 22, Section E, DASR to switch the service account back to DA service must comply with the following special conditions:

a. Accepted DASRs that do not require a meter change will be processed based on normal DASR processing timeframes as defined in Rule 22, Section E. PG&E will include the TBS requirements with the DASR status notification that is sent to the customer as provided for in Rule 22, Section E.7. The customer is responsible for providing its new ESP with this information.

b. Rejected DASRs must be corrected and resubmitted by the ESP and be acceptable to PG&E no later than twenty (20) days following the conclusion of the TBS period (Day 80 of PG&E supplying power). DASRs not corrected by the ESP within this time period will be cancelled by PG&E.

c. For accepted DASRs that require a meter change, the meter change must be completed no later than sixty (60) days following the conclusion of the TBS period, or the corrected DASR timing established in Section A.2.b. If a meter change is not completed within sixty (60) days, PG&E will switch the service account to DA service on the customer's next scheduled meter read date with notification to the ESP and customer at the conclusion of the sixty (60) day period. If special metering services are required, such metering services will be done in accordance with rate Schedules E-ESP and E-EUS.

3. Services accounts failing to meet the time limitations and DASR requirements as set forth in Section A.2, above will be in default of the TBS provisions and returned to Bundled Portfolio Service for a eighteen (18) month minimum period, subject to the conditions set forth in Section B of this tariff. Such a default initiates the six (6) month notice of return to Bundled Portfolio Service, which is not subject to cancellation. During this six (6) month period, the service account will be subject to the pricing conditions established in Section A.4, below. PG&E will notify the customer within ten (10) business days of the default, providing an explanation of the default situation, actions being taken and the customer's new Bundled Portfolio Service requirements.

4. Customers electing the TBS option will: (1) be subject to Transitional Bundled Commodity pricing, as defined in rate Schedule TBCC; (2) be subject to the provisions and applicable charges of the Direct Access Cost Responsibility Surcharge (DA CRS) as defined in rate Schedule DA-CRS; and (3) be ineligible to receive Revenue Cycle Services Credits as defined in rate Schedule E-CREDIT.

5. DA customers electing the TBS option may continue to use the same meter provided it is compatible with the PG&E's meter reading system. Incompatible meters will be replaced by PG&E with a meter that meets the customer's applicable tariff requirements, unless PG&E has the capability to do a special read for a fee or the customer and PG&E can agree on an alternative arrangement. Special metering requirements while receiving TBS will be subject to costs as set forth in rate Schedules E-ESP and E-EUS. (L)
6. Customers returning to DA service at the conclusion of their TBS term will retain their continuous DA status associated with rate Schedule DA-CRS, if applicable.

B. Bundled Portfolio Service

1. This service option is effective February 19, 2004, and is applicable to all DA eligible customers who return to Bundled Service for a minimum of eighteen (18) months. This eighteen (18) month minimum Bundled Service commitment will be referred to herein as PG&E's Bundled Portfolio Service (BPS). The following conditions will apply:
- a. Customers electing this service make an eighteen (18) month commitment and will not be allowed to return to DA service until their eighteen (18) month minimum period has been completed. The eighteen (18) month minimum period will begin on the date the customer is switched to BPS after the conclusion of the six (6) month advance notice period as set forth in Section B.1.b of this tariff. With the exception of the one-time temporary waiver granted during the Open Enrollment Window, described in Section C.4, below, no premature departures from the eighteen (18) month commitment will be allowed.
- b. Customers must provide a six (6) month advance notice to PG&E prior to becoming eligible for BPS so PG&E can adjust its procurement activity to accommodate the additional load. Such notification will be made by the customer submitting the Notice to Return to PG&E Bundled Service form (Form No. 79-1011) in writing or electronically. PG&E will provide the customer with written confirmation and the necessary switching process information within ten (10) days of receipt of the customer's notification. Once received by PG&E, customers will have a three (3) business day rescission period after which advance notifications cannot be canceled. PG&E will process requests to receive BPS in the following manner:

1) Service account transfers to BPS will be switched on the customer's next scheduled meter read date after the completion of the six (6) month advance notice period. For service accounts with meters that are incompatible with PG&E's meter reading system, PG&E will replace the incompatible meter with a meter that is acceptable to PG&E. Such metering service will be done in accordance with rate Schedule E-EUS.

2) PG&E will initiate a DASR to transfer the service account to BPS and will provide notification to the customer and ESP in accordance with Rule 22, Section E.7.

c. During the six (6) month advance notice period, but before they become eligible for BPS, customers may either continue on DA Service or return to Bundled Service and receive TBS pricing as set forth in Section A.4 of this tariff. PG&E will process any DASR returning the customer to Bundled Service during the six (6) month advance notice period in accordance with Rule 22, Section E, and will provide Bundled Service to the customer at the TBS rate for the remainder, if any, of the six (6) month advance notice period. PG&E will initiate the necessary transfer of the service account to BPS at the conclusion of the six (6) month advance notice period with notification to the customer. The metering requirements of Section B.1.b(1) above, will apply during the six (6) month advance notice period. Customers returning to Bundled Service during the six (6) month advance notice period (i.e., before the commencement of BPS), cannot return to DA service.

d. Customers returning to DA service at the conclusion of their BP term will retain their continuous DA status associated with rate Schedule DA-CRS, if applicable. DA customers responsible for DA CRS continue to be responsible for DA CRS undercollections and subject to the terms of rate Schedule DA-CRS.

C. Phase-In Period (Cont'd.)

1. Section C is applicable during the Phase-in Period described in Section C.2, below.

Section C is not applicable to eligible non-residential BPS customers who have submitted a Six Month Notice To Transfer To Direct Access Service form prior to April 11, 2010 and are pending a return to DAS service under the provisions of Section B.2, above.

2. The Phase-in Period will begin on April 11, 2010 and continue for four (4) calendar years with the annual limits on DALoad increases over the Phase-in Period as described below, up to the maximum DACap of nine thousand five hundred twenty (9,520) gigawatt-hours (GWh) established for PG&E's service territory (Overall DACap) as defined per D. 10-03-022 (Appendix 1 as "Load (T) Cap"). Kilowatt-hours (kWh) remaining under the annual load limit in one year will be rolled over to subsequent years as part of the cumulative increasing annual limits during the phase-in period. Pursuant to D. 10-03-022, the Existing Base Line DALoad is 5,574 GWh, the NewDALoad Allowance is 3,946 GWh and the annual GWh limits are set based upon a percentage of the NewDALoad Allowance over the Existing Base Line DA, as defined in Appendix 1 of D. 10-03-022, as follows:
 - a. 2010 Annual Limit – thirty-five (35) percent of the NewDALoad Allowance; the 2010 Load Cap; 6,955 GWh; [5,574 GWh + (0.35 * 3,946 GWh)]
 - b. 2011 Annual Limit – An additional thirty-five (35) percent of the NewDALoad Allowance for seventy (70) percent of the total NewDALoad Allowance; The 2011 Load Cap; 8,336 GWh; [6,955 GWh + (0.35 * 3,946 GWh)]
 - c. 2012 Annual Limit – An additional twenty (20) percent of the NewDALoad Allowance for ninety (90) percent of the total NewDALoad Allowance The 2012 Load Cap; 9,125 GWh; [8,336 GWh + (0.20 * 3,946 GWh)].
 - d. 2013 Annual Limit – An additional ten (10) percent of the NewDALoad Allowance for one hundred (100) percent of the room under the Overall DA Cap; The 2013 Load Cap; 9,520 GWh [9,125 GWh + (0.10 * 3,946 GWh)].

D. Post-Phase-In Period (N)

The following describes the enrollment process after the Phase-In Period, described in Section C.2, closes:

1. DA customers or their authorized agent may submit Six-Month Notices via email or an online IOU form during a prescribed 5-business day window (Submission Period) in the second full business week in April of 2013 for space under the established Overall DACap that may become available commencing in October of 2013 and continuing through 2014. Beginning in 2014, the Submission Period will be the second full week in June of each year for space under the established Overall DACap that may become available during the twelve (12) months of the subsequent calendar year. The Submission Period will begin on Monday at 9:00 a.m. PDT and end on Friday at 5:00 p.m. PDT. Six-Month Notices received prior to 9:00 a.m. PDT Monday or after 5:00 p.m. PDT Friday will be rejected. Submissions must be made by or on behalf of an individual customer and shall include the following information:
 - a. Customer Name, Six-Month Notice, Submitter Name, and number of service accounts being submitted.
 - b. A completed Six-Month Notice may cover multiple service accounts but they must all be for the same customer, under that customer's Federal Tax Identification (FTI) number. A Six-Month Notice found to include multiple FTI numbers will be considered to have a deficiency. Upon email notification from PG&E of such deficiency, DA customers or their authorized agent shall have five (5) business days to correct the FTI number or submit a new Six-Month Notice for the service account(s) covered by a different FTI number.
 - c. A prioritized list of the submitted service accounts (in the event the available space under the established Overall DACap cannot accommodate the entire list).

2. Upon PG&E's receipt of each Six-Month Notice, PG&E send an automatic receipt via email, addressed to the party from whom the notice was received, acknowledging that the Notice was received. The purpose of this email shall be just to confirm that the submission was received. It shall neither confer any priority, nor impact the lottery process. (N)
3. Any duplicate Six-Month Notices covering the same service accounts will be discarded. If more than one Six-Month Notice is received for a service account, only one will be confirmed; all others will be ineligible. For any Six-Month Notice that PG&E determines to be ineligible, it will send via e-mail a notice to the party from whom the Six-Month Notice was received that it has been determined to be ineligible. If the party believes that PG&E's determination of ineligibility is in error, the party will have five (5) business days to dispute PG&E's determination, upon which PG&E will review its determination and advise the submitter of the information required to resolve the dispute.
4. PG&E to review/audit/confirm Six-Month Notices within thirty (30) business days following close of the Submission Period.
5. During the review and audit process, a Six-Month Notice that is found to have a deficiency (e.g., incorrect service account number) may be accepted on the condition that it is corrected by the customer within five (5) business days after PG&E notifies the customer of such deficiency. Six-Month Notices will be void in the event a deficiency in a Six-Month Notice is not corrected by the customer within five (5) business days, but only as to the service account(s) for which there was an uncorrected deficiency.
6. Six-Month Notices will be accepted subject to all deficiencies being resolved and availability of space under the established Overall DACap. By the thirtieth (30) business day of the review period, PG&E will run the "randomizer" tool (Microsoft Access or some other tool agreed-upon by all parties) to assign a random number to each customer submission.
7. The Six-Month Notices will be ordered in sequence by their randomly assigned number and accepted subject to the established Overall DACap. Remaining Six-Month Notices will be placed on a wait list (Wait List) in the order assigned by the randomizer, and will be maintained on that Wait List for the subsequent calendar year until the next enrollment period commences. 8. Within ten (10) business days, following the thirty (30) day review period, customers will receive email notification that their Six-Month Notice has been accepted or placed on the Wait List along with their initial sequence number, based upon the random "lottery" number. (N)
9. All Six-Month Notices on the Wait List on the last business day of each calendar year will be cancelled and superseded by the following year's Wait List.
10. On the last business day of each month, PG&E will determine if there is room under the Overall DACap and notify the first customer on the Wait List that there is available space under the Overall DACap:
 - a. If the available space under the Overall DACap is sufficient to accommodate all of the customer's Wait-Listed service accounts, PG&E will notify the customer of the DASR Due Date for each accepted service account at least forty-five (45) days in advance of the customer's earliest possible switch date. During this process, a Six-Month Notice that is found to have a deficiency (e.g., incorrect service account number) may be accepted on the condition that it is corrected by the customer within five (5) business days after PG&E notifies the customer of such deficiency. Six-Month Notices will be void in the event a deficiency in a Six-Month Notice is not corrected by the customer within five (5) business days, but only as to the service account(s) for which there was an uncorrected deficiency. Customers will have fifteen (15) business days either to accept or decline the space offered, without penalty. Should the customer decline the space offered, the customer is removed from that year's Wait List and remains on utility bundled service. PG&E will then notify the next customer on the Wait List.
 - b. If the available space under the Overall DACap is not sufficient to accommodate all of the customer's service accounts on the Wait List, PG&E will notify the customer at least forty-five (45) days in advance of the customer's earliest possible switch date of the eligible service account(s) and will work with the customer to determine the service accounts to be switched. The remaining service accounts, if any, on the customer's list will remain on the Wait List. Customers will have fifteen (15) business days either to accept or decline the space offered, without penalty. Should the customer decline to accept the space offered, the customer is removed from that year's Wait List and remains on utility bundled service.
 - c. Should a customer accept the offer and fail to submit a DASR by the DASR Due Date, the customer's service account(s) will be switched to Transitional Bundled Service and be subject to the then current Switching Exemption Rules. (N)
