Workforce Education and Training Task Force Members and Interested Service List Parties –

Per Decision 12-011-015, the **“Decision Approving 2013-14 Energy Efficiency Programs and Budgets,”** the Investor Owned Utilities (IOUs) will be hiring an expert entity to help design a comprehensive approach to the Workforce Education and Training issues (WE&T) inherent in their energy efficiency (EE) portfolios - - per the Donald Vial Needs Assessment and subsequent regulatory direction, this comprehensive approach should consider the full spectrum of demand-side management including EE, Distributed Generation and Demand Response.

The IOUs welcome all interested stakeholders to this informational webinar during which they’ll share the drivers behind this effort, stakeholder engagement process and the timeline, as well as provide an opportunity for questions. Additionally, while the IOUs will touch upon for what the IOUs are considering to include within the Request for Proposal (RFP) during this webinar, they will subsequently invite all interested parties to share specific ideas around qualifications, experience and work scope via a to-be-scheduled in-person public forum. Details on this forum to follow.

Please note this first information session will only be offered via webinar. **If you are interested in attending, please RSVP to me by COB on January 9th - - a webinar link will subsequently be sent to you directly on January 10th.**
