ADVICE LETTER 2451-E
(U902-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

**SUBJECT: REVISIONS TO ELECTRIC RULE 25.1 – DIRECT ACCESS SWITCHING
EXEMPTION RULES AND ELECTRIC FORM 143-02759 – DIRECT ACCESS
CUSTOMER RELOCATION/REPLACEMENT DECLARATION IN
COMPLIANCE WITH DECISION 12-12-026**

San Diego Gas & Electric Company (SDG&E) hereby submits for approval the following revisions to its electric tariffs as shown in the enclosed Attachment A.

PURPOSE

This advice filing revises SDG&E's electric Rule 25.1, Direct Access Service Switching Exemption Rules, and revises and renames the Direct Access Customer Relocation/Replacement Declaration (electric Form 143-02759) as the Direct Access Customer Relocation Declaration (electric Form 143-02759), in compliance with Ordering Paragraphs (OP.) 6 and 7 of Decision (D.) 12-12-026.

BACKGROUND

On February 23, 2012, Alliance for Retail Energy Markets (AReM), Retail Energy Supply Association (RESA), and Direct Access Customer Coalition (DACC) filed a motion for an updated status report on the Investor Owned Utilities (IOU) compliance with D.10-03-022 and requested a blanket waiver of the requirement to file a motion each time to obtain subsequent updated reports. Responses to the February 23, 2012 motion were filed on March 9, 2012 by SDG&E, and jointly by Southern California Edison (SCE) and Pacific Gas and Electric Company (PG&E).

On May 31, 2012, the Commission issued an Administrative Law Judge (ALJ) Ruling soliciting comments on the Party's blanket waiver request and on the recommended process improvements for managing the DA load cap contained in a Working Group Report submitted by the parties in November 2010.

On July 10, 2012, AReM, California Manufacturers & Technology Association (CMTA), DACC, Energy Users Forum, RESA and the IOUs jointly filed comments on the Ruling. In the

comments, based on consensus discussions, the parties proposed that the Commission's Energy Division (ED) prepare annual status reports on an on-going basis, and revisions to the "Relocation Form" and "Lottery Process" originally proposed in the November 2010 Working Group Report.

On December 20, 2012, the Commission issued D. 12-12-026 which granted the blanket waiver of the requirement to file a motion each time a status report update is requested, directed the ED to prepare an annual status report, and adopted revised procedures for the processing of enrollments of Direct Access (DA) rights pursuant to D.10-03-022, whereby qualifying customers became eligible to enroll in DA service, and revisions to the DA Relocation/Replacement Declaration to provide for the relocation of DA rights, under certain conditions, to an existing bundled service customer site.

SDG&E submits this advice filing to adopt the ordered changes to the DA switching and enrollment process and DA Relocation form and requests a February 1, 2013 effective date to allow time for the notification of these changes to active Electric Service Providers.

Tariff Revisions

In compliance with Ordering Paragraphs 6 and 7, SDG&E proposes the following tariff revisions:

1. Electric Rule 25.1, Switching Exemption Rules, has been revised as follows:
 - a. The Decision has been incorporated by reference into the introductory paragraph of the rule.
 - b. Added a new Section D, Post-Phase-In Period, to incorporate the revised switching and enrollment process set forth in Appendix 1 of the Decision.
 - c. In Section D.1 clarified that the 9:00 a.m. start and 5:00 p.m. end time of the five-day enrollment period are adjusted for daylight saving time.
2. Electric Form 143-02759, Direct Access Customer Relocation/Replacement Declaration, has been revised to adopt the revisions set forth in Appendix 2 of the Decision and renamed the Direct Access Customer Relocation Declaration.

EFFECTIVE DATE

SDG&E believes this filing is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to GO 96-B. SDG&E respectfully requests that this filing become effective on February 1, 2013.

RULE 25.1

Sheet 1

SWITCHING EXEMPTIONS

The following terms and conditions apply to both SDG&E customers and electric energy service providers (ESP) who participate in Direct Access (DA) as defined by Rule 25.

The following rules implement the Switching Exemption Decision (D.) 03-05-034, which adopted guidelines regarding the rights and obligations of DA customers who return to bundled service and subsequently switch back to DA service and the Decision Regarding Increased Limits For Direct Access Transactions D.10-03-022, which adopted guidelines regarding the rights and obligations of non-residential bundled service customers to transfer to DA service and D.12-12-026, which adopted a lottery process in lieu of a first-come/first-served process. D.03-05-034, D.10-03-022 and D.12-12-026 established provisions for eligible DA customers regarding 1) Transitional Bundled Service, 2) Bundled Portfolio Service, 3) Phase-In Period and 4) Post-Phase-In Period.

Pursuant to D.05-12-041, customers receiving Direct Access Service, Transitional Bundled Service, or Bundled Portfolio Service may be automatically enrolled in a Community Choice Aggregation Program, as described in Rule 27.

Effective March 11, 2010, the right to transfer to Direct Access service is closed to residential customers. However, a residential customer previously classified as DA-eligible that submitted a six-month notice to transfer to DA service prior to March 11, 2010, retains a one-time right to transfer to DA service pursuant to D.10-03-022 and the conditions set forth in Section B below.

Customers switching to or from bundled service (with the exception of Transitional Bundled Service described in Section A of this Rule) shall notify SDG&E six months in advance of their intent to switch.

A. Transitional Bundled Service

1. Transitional Bundled Service (TBS) is effective February 19, 2004 and allows DA customers to return to bundled service on a transitional basis while switching from one ESP to another, or for similar or related reasons where TBS is needed.
2. The TBS provision is limited to a 60-day period. The 60-day period begins on the day DA service is disconnected which is the day SDG&E starts supplying power to the service account (day 1). By no later than the end of the 60-day period (day 60 of SDG&E supplying power), SDG&E must be in receipt of a Direct Access Service Request (DASR) from the customer's new ESP to switch the account to DA. In addition to meeting the DASR provisions set forth in Rule 25, Section E, DASRs to switch the account back to DA service must comply with the following special conditions:
 - a. Accepted DASRs that do not require a meter change will be processed based on normal DASR processing timeframes as defined in Rule 25, Section E. SDG&E will include the TBS requirements with the DASR status notification that is sent to the customer as provided for in Rule 25, Section E.7. The customer is responsible for providing its new ESP with this information.
 - b. Rejected DASRs must be corrected and resubmitted by the ESP and be acceptable to SDG&E no later than 20 days following the conclusion of the TBS period (day 80 of SDG&E supplying power). DASRs not corrected by the ESP within this time period will be cancelled by SDG&E.

RULE 25.1

SWITCHING EXEMPTIONS

D. Post-Phase-In Period

The following describes the enrollment process after the Phase-In Period, described in Section C.2, closes:

1. Customers or their authorized agent may submit Six-Month Notices via email or an online IOU form during a prescribed 5-business day window (Submission Period) in the second full business week in April of 2013 for space under the established Overall DA Cap that may become available commencing in October of 2013 and continuing through 2014. Beginning in 2014, the Submission Period will be the second full week in June of each year for space under the established Overall DA Cap that may become available during the twelve (12) months of the subsequent calendar year. The Submission Period will begin on Monday at 9:00 a.m. PDT and end on Friday at 5:00 p.m. PDT. Six-Month Notices received prior to 9:00 a.m. PDT Monday or after 5:00 p.m. PDT Friday will be rejected. Submissions must be made by or on behalf of an individual customer and shall include the following information:
 - a. Customer Name, Six-Month Notice, Submitter Name, and number of Service Accounts being submitted.
 - b. A completed Six-Month Notice may cover multiple Service Accounts but they must all be for the same customer, under that customer's Federal Tax Identification (FTI) number. A Six-Month Notice found to include multiple FTI numbers will be considered to have a deficiency. Upon email notification from SDG&E of such deficiency, DA customers or their authorized agent shall have five (5) business days to correct the FTI number or submit a new Six-Month Notice for the Service Account(s) covered by a different FTI number.
 - c. A prioritized list of the submitted Service Accounts (in the event the available space under the established Overall Load Cap cannot accommodate the entire list).
2. Upon SDG&E's receipt of each Six-Month Notice, SDG&E will send an automatic receipt via email, addressed to the party from whom the notice was received, acknowledging that the Notice was received. The purpose of this email shall be just to confirm that the submission was received. It shall neither confer any priority, nor impact the lottery process.
3. Any duplicate Six-Month Notices covering the same Service Accounts will be discarded. If more than one Six-Month Notice is received for a Service Account, only one will be confirmed; all others will be ineligible. For any Six-Month Notice that SDG&E determines to be ineligible, it will send via e-mail a notice to the party from whom the Six-Month Notice was received that it has been determined to be ineligible. If the party believes that SDG&E's determination of ineligibility is in error, the party will have five (5) business days to dispute SDG&E's determination, upon which SDG&E will review its determination and advise the submitter of the information required to resolve the dispute.
4. SDG&E to review/audit/confirm Six-Month Notices within thirty (30) business days following close of the Submission Period.

SWITCHING EXEMPTIONS

D. Post-Phase-In Period (Continued)

5. During the review and audit process, a Six-Month Notice that is found to have a deficiency (e.g., incorrect service account number) may be accepted on the condition that it is corrected by the customer within five (5) business days after SDG&E notifies the customer of such deficiency. Six-Month Notices will be void in the event a deficiency in a Six-Month Notice is not corrected by the customer within five (5) business days, but only as to the service account(s) for which there was an uncorrected deficiency.
6. Six-Month Notices will be accepted subject to all deficiencies being resolved and availability of space under the established Overall Load Cap. By the thirtieth (30th) business day of the review period, SDG&E will run the "randomizer" tool (Microsoft Access or some other tool agreed-upon by all parties) to assign a random number to each customer submission.
7. The Six-Month Notices will be ordered in sequence by their randomly assigned number and accepted subject to the established Overall Load Cap. Remaining Six-Month Notices will be placed on a Wait List in the order assigned by randomizer, and will be maintained on that Wait List for the subsequent calendar year until the next enrollment period commences.
8. Within ten (10) business days, following the thirty (30) business day review period, customers will receive email notification that their Six-Month Notice has been accepted or placed on the Wait List along with their initial sequence number, based upon the random "lottery" number.
9. All Six-Month Notices on the Wait List on the last business day of each calendar year will be cancelled and superseded by the following year's Wait List.
10. On the last business day of each month, SDG&E will determine if there is room under the Overall Load Cap and notify the first customer on the Wait List that there is available space under the Overall Load Cap:
 - a. If the available space under the Overall Load Cap is sufficient to accommodate all of the customer's Wait-Listed Service Accounts, SDG&E will notify the customer of the DASR Due Date for each accepted Service Account at least forty-five (45) days in advance of the customer's earliest possible switch date. During this process, a Six-Month Notice that is found to have a deficiency (e.g., incorrect service account number) may be accepted on the condition that it is corrected by the customer within five (5) business days after SDG&E notifies the customer of such deficiency. Six-Month Notices will be void in the event a deficiency in a Six-Month Notice is not corrected by the customer within five (5) business days, but only as to the service account(s) for which there was an uncorrected deficiency. Customers will have fifteen (15) business days either to accept or decline the space offered, without penalty. Should the customer decline the space offered, the customer is removed from that year's Wait List and remains on utility bundled service. SDG&E will then notify the next customer on the list.
