Subject:	PG&E - CPUC Discussion of CAISO's Risk-of-Retirement Backstop Initiative (FLRR)					
Update 2: Call in Number Provided						

Redacted			

Update: Meeting Moved to 10AM to allow Molly to participate.

Ed,

PG&E would like to touch base with you and others at the CPUC to discuss the CAISO's Riskof-Retirement Backstop initiative.

The specific topics for discussion are below:

1. Strategy at FERC

2. Introduce Backstop Price Threshold

• Ask FERC to introduce a price threshold that, if exceeded, would trigger an RA-type (must offer obligation). We will elaborate further on the call.

If your team has ideas or topics for discussion please e-mail them to me and I can add them to the meeting agenda. As I mentioned on the phone, I do not have the contact information for your entire team, so please forward this request as you see fit.

Best Regards,
