Subject: Re: I12 01 007, OII San Bruno Explosion and Fire, PG&E's Response to Motion of TURN

ALJ Wetzell,

TURN is pleased that PG&E does not oppose the Joint Parties' motion to exclude the Hall Conclusions document. However, in footnote one of its response, PG&E interposes technical, non-substantive objections to the motion's request to strike witness Yura's re-direct and re-cross testimony relating to the document. This request was plainly stated in the motion and is an obvious corollary to the request to exclude the document: given that the document itself is outside the scope of the cross examination, the witness's testimony laying a foundation for the document is also clearly outside the scope of cross examination. The relevant testimony to strike would be all answers by the witness from transcript page 1022, line 28, to page 1034, line 7 (PG&E re-direct) and page 1036, line 26, to page 1042, line 18 (TURN re-cross).

If your Honor would like us to put the contents of this e-mail in a reply brief filed with the Docket Office, TURN would be happy to do so.
