Subject: RE: CPUC Safety Symposium -- Agenda times, invitation list

Hi All,

My meeting with Paul has been scheduled over our meeting this afternoon. Since many of the issues that this group is trying to reach closure on are the same ones I need to discuss with Paul, I need to take the meeting and reschedule our check in until next week. We don't need to wait until Friday if the group can fit in ½ hour earlier.

Best,

Julie Halligan, Deputy Director
Office of Utilities Safety and Reliability
Safety and Enforcement Division
California Public Utilities Commission
jmh@cpuc.ca.gov
415.703.1587

Here is the latest version, for our discussion at tomorrow's 1:30 PST call-in Redacted
Redacted

We have made some progress in confirming speakers; and other logistics are in the works. Pls return any updates to me sometime before noon Friday.

Thx-

Jane

All – for your editing and commenting pleasure ---- this workbook contains:

1. draft strawman agenda for the 2 days --- timing and flow

2. a tab for groups of invitees --- pls continue to populate this so we can begin to prepare to send out a “save the date” email by 2/25 to key attendees, and give numbers to our logistics support staff

(if anyone would like hotel rooms, pls let me know on your ‘tab’ and I will ask the logistics team if some rooms can be reserved/blocked).

From our call this afternoon: after Julie has had the opportunity to discuss with others at the CPUC, we will contact the potential speakers and confirm their availability next week.

Thank you,

Jane
