Subject: RE: R.11-10-023, Request to schedule additional workshop

To all parties:

Thank you all for weighing in on the topic of potential further procedural activities in this phase of the proceeding. I tend to favor as much productive and transparent discussion and input as possible. I am in discussions with Energy Division and the Assigned Commissioner's office about the best way to move forward. As I indicated in my earlier note, I will issue a Ruling with direction regarding the next filing and related matters in the near future.

Subject: R.11-10-023, Request to schedule additional workshop

Dear ALJ Gamson,

First, I would like to inform you that I will be taking over the attorney responsibilities in this case from Hayley Goodson. I look forward to working with you and the parties.

Second, TURN would like to offer a procedural recommendation in response to your notice last Thursday that comments were being delayed until March, after Energy Division (ED)

produces a revised flexible capacity proposal. Specifically, TURN urges the scheduling of a workshop for the parties to explore ED's revised proposal before the comments are due. The workshop and comment schedule should be coordinated to give parties adequate time to review the new ED proposal before the workshop and to prepare comments after the workshop.

Further, TURN understands that in the upcoming weeks, CAISO will be generating updated data relating to the need for the Joint Parties' proposal. In addition, TURN believes there is still a need to review other aspect of the Joint Parties' proposal (some of which parties raised in their December 26 Phase 2 comments). Additional workshop time is warranted to address these matters too. Again, TURN would request that the workshop be scheduled to allow sufficient time before the workshop to review the updated CAISO data.

We appreciate the challenges the Commission faces in addressing the issues related to a new flexible capacity requirement. We offer these recommendations in the spirit of enabling the Commission to develop the necessary record on these issues as efficiently as possible.

Sincerely,

Tom Long
Legal Director
The Utility Reform Network (TURN)
