Subject: RE: AB 1900 OIR (biomethane injection)

Laura,

Sorry, I was waiting on Sempra, which took a while to get back to me with a good time, but how is Friday looking for you? Would you have a preferred time?

Thanks,

Franz

Hi Franz – did you set anything up yet?

This week is pretty good for us!

Hope all is well.

Laura

Laura,

As you know, the OIR for the AB 1900 bill (biomethane injection) is about to begin, though it's been held again and likely won't actually begin until Feb. 13. Nevertheless, I'd like to hold another IOU-CPUC meeting to talk about the progress made in addressing the non-human-health portion of AB1900. What are some good times/dates for you?

Also, as a reminder, even though the OIR has not yet officially been issued due to a last-minute hold again, there will almost surely be a requirement for the IOUs to respond to the questions in the OIR. The latest public draft of the OIR is at <http://docs.cpuc.ca.gov/PublishedDocs/Published/G000/M045/K080/45080048.PDF>

Thanks,

Franz
