Subject: RE: Leadership Changes in The Safety and Enforcement Division

There are so many things that demonstrate the good man has lost his nut, it is hard to know where to start. No wonder Julie is taking the ALJ downgrade.  
Love the "mission" at the end.

**Subject:** Leadership Changes in The Safety and Enforcement Division

I announce with sadness that Julie Halligan has decided to return to the Administrative Law Judge (ALJ) Division, where she will be one of our finest judges. I want to thank Julie for the great job she has done first in the Consumer Protection and Safety Division and then in the Safety and Enforcement Division as the

Deputy Director for Gas and Electric Safety and Reliability, and Utility and Transportation Enforcement. Julie has been much of the glue that has held the Safety and Enforcement Division together during the difficult and turbulent years following the San Bruno accident. The programs that she has led have grown and flourished under her leadership and care. Her dedication and devotion to duty are a great credit to the California Public Utilities Commission. We wish her all the best as she returns to the ALJ Division. Bravo Zulu!

It is with great pleasure that I announce the selection of Elizaveta Malashenko as the Acting Deputy Director of the Office of Utility Safety and Reliability in the Safety and Enforcement Division. Liza comes to us from the Energy Division where she was the Supervisor of Grid Planning and Reliability and has been leading the Commission's efforts in cyber security. Before coming to the CPUC, Liza worked for International Business Machines (IBM) in their energy and utilities programs. While at IBM, Liza worked with several large utility companies: Duke Power, Southern California Edison, Sempra Energy Utilities, and Nevada Energy. Liza brings a wealth of experience and capabilities in leadership and management. Please help me welcome Liza to the Safety and Enforcement Division.

Recently the Safety and Enforcement Division did an internal reorganization that divided SED into three major subdivisions: The Office of Rail Safety headed by Paul King, The Office of Utility Safety and Reliability headed now by Liza Malashenko, and The Office of Utility and Transportation Enforcement. I am also pleased to announce that Raffy Stepanian will be the new Acting Deputy Director for our newest subdivision: the Office of Utility and Transportation Enforcement. Raffy was formerly the Program Manager of the Electric Safety and Reliability Branch. Raffy will now lead the Utility Enforcement Branch and the Transportation Enforcement Branch.

BG H

Brigadier General (CA) Emory J. Hagan, III

Director,

**Safety and Enforcement Division**

California Public Utilities Commission

505 Van Ness Avenue

San Francisco, CA 94102
