Subject: RE: Comprehensive Procurement Framework

Erik,

Did we set a time to meet yet? I don't have a memory of where we left off on the idea of discussing the framework with our staff.

Subject: Comprehensive Procurement Framework

Joe,

Attached is an overview presentation prepared by PG&E regarding a comprehensive procurement framework for California. We pulled this document together in an effort to crystalize our own thinking and help facilitate ongoing discussions between stakeholders on the issues of capacity markets and forward procurement mechanisms. We hope it provides a useful framework for thinking about these critical market design issues.

We would be interested in meeting with you and your staff on this topic in the near future. Please let me know if you would be interested in such a discussion.

Best regards,

Erik
