Subject: RE: Moving on from Smart Grid

Thank you, Erik. I plan to stay very involved in C-21, as a lot of research will have safety implications. I'm sure we'll talk soon.

Best,

Liza

I've worked on Smart Grid for a good 5 years now and I'm definitely going to miss it, but I have comfort that I leave the work in the capable hands of Arthur O'Donnell who has stepped up to take over my old role. For those of you who don't know Arthur, I recommend that you reach out to him and get to know him.
