Subject: follow-up from meeting last Thursday to discuss PG&E's Mover Services Program

Will and Jonathan,

Thank you for your time last Thursday. I enjoyed meeting you and getting acquainted. As promised, here is a summary of the business case for expanding our Mover Services Program. It includes a range of estimated financial costs and benefits from expanding PG&E's Mover Services Program to small/medium business customers and to residential customers moving outside of our service territory. Please keep in mind these are preliminary numbers and are also not the primary driver for expanding the Mover Services Program.

Please let me know if you have questions or concerns.

Sincerely,

Deanna Toy
