Hi Julie --- Nick reached out as soon as we mentioned to him. We are making sure to get clearance internally too (we may have to pay his travel).

Good idea on talking before the Friday call – I barely got the meeting notice out in time. do you have time tomorrow about 1—2:00 (somewhere in that hour?) I am out in the morning.

Thx

Jane

Thanks Jane. I think he will be a great addition (and a good draw for some who might be tired of the same issues...)! I can't recall who had the connection to him, so please remind me so I can thank them too. If it was you, thanks again.

I think it would be helpful to go over the agenda and potential speakers in advance of Friday's call with the group. I want to compare notes to make sure we are all on the same page about the potential topics after the last meeting. That will help me think of topics/speakers as well. Let me know if there is a good time.

Subject: CPUC Safety Symposium

Hello everyone, I just sent out a calendar item for a brief call on Fridays. Also, we were able to confirm Capt. Sully Sullenberg to be a speaker for 5/7 (the first afternoon). Next on the agenda are firming up the agenda, and the venue.

Thank you,

Jane
