We have not received any responses to the suggested meeting times to walk through the SDG&E calculator updates. While I would love to assume that this means no questions, I find that unlikely. The times proposed are for this week so please let us know by the end of today if any of these times work. Otherwise, feel free to contact us with individual questions.

Subject: RE: R.12-06-013: Bill Calculator Model Link

Below please find the Google Drive link for SDG&E's updated Residential Rate OIR Model. Included as attachments are (1) the User-Guide updated to reflect the model updates, and (2) a word document listing the updates made since the last release of the model with the respective User Guide reference.

Same as before, you will not need a Google account to access the file. Simply download the file, save it to your computer, open the file, and then enable editing and macros when prompted.

SDG&E is providing this model for the limited purpose of examining alternative proposed residential rate designs as part of CPUC proceeding R.12-06-013. SDG&E believes this model to be correct to the best of its knowledge as of February 11th, 2013, but does not provide any warranty or guarantees regarding its use or ability to analyze all potential rate design scenarios. Parties are, of course, free to develop their own analyses.

https://docs.google.com/file/d/0B7_dK4bYzEAMdmhBc24zSzROZ1k/edit?usp=sharing

Note that the model is currently saved with Scenario Four inputs as described in the updated User-Guide attached (.pdf).

SDG&E is available to walk-through the model updates. For parties interested in a walk-through, please let us know what your availability is and we will chose the time that works best for those interested:

- Wed (2/13) 10:30 am to 12noon
- Wed (2/13) 1pm to 2:30 pm
- Thurs (2/14) 1pm to 2:30 pm
- Fri (2/15) 9am to 10:30 am

Please feel free to contact me if you have any questions.

This model replaces any version used prior to today's date (February 11th, 2013).

Below please find the Google Drive link for SDG&E's Residential Rate OIR Model. You will not need a Google account to access the file. Simply download the file, save it to your computer, open the file, and then enable editing and macros when prompted.

SDG&E is providing this model for the limited purpose of examining alternative proposed residential rate designs as part of CPUC proceeding R.12-06-013. SDG&E believes this model to be correct to the best of its knowledge as of December 21, 2012, but does not provide any warranty or guarantees regarding its use or ability to analyze all potential rate design scenarios. Parties are, of course, free to develop their own analyses.

Note that the model is currently saved with Scenario Four inputs as described in the User-Guide attached.

Attached to this e-mail are the updated User-Guide (.pdf) and list of additional model functionalities with a status update (.xlsx).

If you have any questions, please contact Case Manager Todd Cahill (TCahill@semprautilities.com) or myself.

Happy Holidays everyone.
