Subject: SCE Residential Rate OIR Bill Impact Model

Please see the following link to access SCE's updated Residential Rate OIR Bill Impact Model (Click the model uploaded on 2/14):

<http://www3.sce.com/law/cpucproceedings.nsf/vwSearchProceedings?SearchView&Query=r.12-06-013&SearchMax=1000&Key1=1&Key2=25>

This model replaces any model version prior to today's date (February 14, 2013).

We hope you find the flexibility, understandability and intuitiveness much improved over what we had initially discussed. In addition SCE has added a new "Help" tab that explains functionality, however will also produce a manual and provide a webinar to review the model next week. This model will also be supplemented by a NEM specific bill impact comparison, which we plan to release in about one week.

SCE would like to propose walking through the model on either:

Friday 2/22 from 1pm to 2:30pm

Tuesday 2/26 from 10am to 11:30am

SCE is providing this model for the limited purpose of examining alternative proposed residential rate designs as part of CPUC proceeding R.12-06-013. SCE believes this model to be correct to the best of its knowledge as of February 14th, 2013, but does not provide any warranty or guarantees regarding its use or ability to analyze all potential rate design scenarios. Parties are, of course, free to develop their own analyses.

Please feel free to contact me with any questions.

Best regards,  
Andre
