Robert,

Please find attached a corrected version of Pacific Gas and Electric Company's ("PG&E") December 28, 2012 submittal of the 2011 Preliminary Annual 33% Renewables Portfolio Standard ("RPS") Compliance Report (Confidential Version). PG&E recently discovered errors in its procurement detail for one RPS contract that, when corrected, reduces PG&E's procurement of RPS-eligible deliveries in 2011 by a de minimis amount. While PG&E's original report showed that it procured RPS-eligible Renewable Energy Credits ("RECs") in 2011 equivalent to approximately 20.1% of its 2011 retail sales, PG&E's corrected report shows that it procured RECs in 2011 equivalent to approximately 19.8% of its retail sales. Please note, all cells with dark grey shading are confidential.

The confidential filing consists of the following:

1) Cover Letter

2) Appendix A: PG&E's 2011 Preliminary Annual 33% RPS Compliance Report - AMENDED (Confidential Version)

Please let me know if you have any questions.

Thank you,
