All – for your editing and commenting pleasure ---- this workbook contains:

1. draft strawman agenda for the 2 days --- timing and flow

2. a tab for groups of invitees --- pls continue to populate this so we can begin to prepare to send out a “save the date” email by 2/25 to key attendees, and give numbers to our logistics support staff

(if anyone would like hotel rooms, pls let me know on your ‘tab’ and I will ask the logistics team if some rooms can be reserved/blocked).

From our call this afternoon: after Julie has had the opportunity to discuss with others at the CPUC, we will contact the potential speakers and confirm their availability next week.

Thank you,

Jane
