Shilpa,

I can understand why you've been busy. We want to make sure you have enough time to prepare PG&E's response, so March 28 is OK.

Eugene

Eugene,

Collecting this information is taking longer than expected. With the workshop coming up and me out of the office a couple days, can we turn this in on Thursday, March 28? We gave Rich some information last week in a meeting with Mike Robertson that may have addressed the immediate need for General Hagan.

Hope you find this reasonable.

Thanks.

Shilpa

Importance: High

Shilpa,

Attached is a template to update the information you provided earlier in the year about PSEP spending/forecasts and PG&E's shareholder allocation and absorption. In addition, we are asking for information about distribution related safety spending. **We need the information by COB March 22.** Please let me know if you have any questions.

Thank you,

Eugene
