Subject: RE: CES-21 Board Meeting Minutes: For your review and approval

One suggested addition is to highlight the ED's role in building outreach and potential collaboration with other IOU and PUCs that could be interested to use innovations coming from the CES-21 effort.

Suggested text in the attached.

[Redacted] and others,

The minutes look good to me overall. One very minor point regarding the CRADA, since we've never seen a draft, I would prefer to say that "Mr. Warner reviewed the status of the proposed CRADA", rather than the current "Mr. Warner reviewed the proposed CRADA".

Good job,
