Subject: RE: California Commissioner Peterman Invited to the Gee Strategies Session

Not a problem Carla. It's a good session but there will be plenty of these opportunities ahead of you. If you decline this, he will invite you again. He is at every NARUC.

Thanks Brian. Out of state travel can be challenging and may have a conflict. Have you attended this forum before?

Dear Brian,

I am writing to inform you that Robert Gee has invited California Commissioner Carla Peterman to the Gee Strategies Group Utility Commissioners/Wall Street Dialogue on May 23–24, 2013, in New York City. We have not received an confirmation from the Commissioner and would greatly appreciate it if you could encourage him to attend. Attached is a copy of the draft agenda.

The Gee Strategies Group has been conducting this outreach effort involving state regulatory commissioners and the financial community for ten years which has resulted in approximately 300 regulators participating in extensive discussions with the financial community. This effort has sought to educate state regulatory commissioners about how their decisions impact the financial viability of the investor-owned electric utility industry, as well as to provide them with fundamentals of utility finance.

Thank you for considering this request. Please do not hesitate to contact me at 202-508-5566 if you have any questions.

Liz
