Subject: RE: CPUC Safety Symposium Update -- action/next steps

Jane;

A couple of corrections. Jessie Knight is not planned for panel 2. It will be Dennis Arriola speaking for both SoCalGas and SDG&E. He is the President and COO of Southern California Gas.

**Subject:** CPUC Safety Symposium Update -- action/next steps

Hello team, Here is the latest update/work in progress for the May 7-8 Symposium.

- Venue is being finalized (Grand Hyatt San Francisco)
- Draft agenda with speakers attached (tab 2) – thank you for your comments; we need to fill in the blanks, get confirmation from some speakers on availability. I have made assignments to you for some of these confirmations (pls let me know if you need assistance)
- Draft invitee lists attached --- pls review since the CPUC will send invitations to hold the date as early as this week
- Other logistics (costs, etc...) are being worked out after we have the estimates

We have our weekly call scheduled for this Friday, and will be joined by Kim Malcolm and Liza Malashenko, who work for General Hagan, and will be taking the lead. Pls let me know if you have questions in the meantime.

Thanks,

Jane
