Ok well, then you will understand that despite all that workload stuff, I am seriously considering throwing caution to the wind and staying in Carla's office. I spent the day with her and it was FUN. When was the last time I thought that? Any of us, really? About a whole workday that started at 4 am. Of course I know neither of you will talk me out of this! But if you would, let me know... And go home!

I am still at work – ridiculous, of course, but I've been in San Ramon all day Mon and Tues and am back tomorrow so this is the only time to WORK. You both know what that's like.

Julie and I once shared a lovely room in San Diego. Have fun down there!

Prognosis for this? Still looking good, I hope!

I assume you both are headed to SoCal tomorrow. Not sure we will possibly have enough time on Monday to catch up sufficiently . . .
