Redacted  
ed Laura:

With edits by me due to my own schedule conflicts, SWG has proposed the following times for this AB1900 check-in meeting (note that the actual duration of the call is likely to be less than 60 minutes):

3/5 - 1:00p-3:00p

3/8 - 2:00p-5:00p

3/11 - 12:00p-2:00p

3/12 - 11:00a-1:30p

3/13 - 9:30a-5:00p

Once again, we only need an hour-long block of time.

Please get back to me by COB today with at least 2 time blocks within those ranges that would work for you.

Thanks,

Franz

Folks,

We'd like to schedule a check-in conference call sometime this week or next to see how things are moving along in terms of the preliminary information portion of the proceeding.

Please let me know some preferred days and times so I can set up a good time. We might also have Jennifer Kalafut, advisor to the presiding Commissioner, on the call.

Also, we're expecting a ARB/OEHHA presentation at the first workshop, tentatively scheduled for March 27 or so (on the same day as the prehearing conference) to talk about human safety concerns, and we'd like a similar presentation by the utilities and open up the floor to Q&A. We can discuss the details on the call, but this is the plan for now.

Please let me know if you have any questions or comments.

Thanks,

Franz
