Subject: RE: Following up on MEA's outstanding data requests to PG&E

Thanks Sidney,

Would you be able to coordinate with your Legal team to produce a short, similar, responsive memorandum by the end of the week? This would really help us here frame up both sides of the issue and facilitate resolution of this dispute.

Will –

It sounds like there will be two meetings.

The first meeting will be with our IT on the data issues. Because Eric is out of the country, I think it would be much more productive to wait for him to make sure that we have continuity on our end in responding to MEA's needs. Sebastien will be contacting Dawn on scheduling.

The second meeting is the legal one, and Chris will be setting that up with Beth.

yours,

sid

Dear Sidney,

Just writing to check in with you regarding the MEA data request issues we discussed last week. I presume you saw Elizabeth Kelley's email and attached memorandum yesterday. I thought it did a fairly good job of laying out the issues as she sees them. Would you be able to coordinate with your Legal team to produce a short, similar, responsive memorandum by the end of the week? This would really help us here frame up both sides of the issue and facilitate resolution of this dispute.

Also, I presume you saw Dawn's email from this morning in which she proposed several times to meet and confer regarding outstanding IT issues. I would strongly encourage you to respond to her email and find a time this week both sides can get together.

Thanks,

Will Maguire
