Hi Sid,

Thanks for the cost information. However, Commissioner Florio needs the revenue requirement impact by year, for at least the first 12-15 years. The information you sent me does not show us what the *cumulative effect* on revenue requirements would be over the full ten years of the program (and beyond, since most of this is capital). Can you provide me this information? Thanks very much, Sepideh

Sepideh –

Here's our calculator for this. We are ready to come in and talk to you about it. Should we include Mike? Let me know, and I'll have Sally set it up.

yours,

sid

Sid:

As discussed, attached is the spreadsheet with the calculations that supported the document distributed at the March 4th public workshop. I am happy to walk anyone through the details.

Thanks,

-Jonathan
