Subject: RE: EE event speakers and topics list

Colette –

I agree about the calendars filling up, I'll be lucky if I can make it at this point!

The intended audience is the utilities and you all, trying to get different perspectives on problems we all struggle with. I think the EE group is generally good about looking nation wide, but this is a more formal approach.

We are shooting for 10Apr, but are checking if later in April would work for CPUC staff.

yours,

sid

Thanks Sid for sharing, workshop agenda looks good so far. Benchmarking our EE programs with others in the country is always a good idea.

What dates to you have in mind? Who is the intended audience? Calendars are filling up fast!

Colette

Subject: EE event speakers and topics list

Colette –

We heard from the grapevine that the commissioner said you would be interested in a workshop that we are holding on EE. I've included the draft agenda topics and invitee list, and was wondering if there were any topics that you would like to hear about or persons you'd like to hear from. We are trying to get a date set and invites out soon.

Thanks so much!

yours,

sid
