Subject: Issue Regarding MEA Access to Data

MEA, Commission and PG&E Representatives,

Per my conversation with Chris Warner yesterday, please find attached a brief summary of the issues related to MEA's repeated requests to access data for its CCA and Energy Efficiency operations. The attached is intended to frame the issues to determine where there is – and is not – agreement on MEA's ability to access this data and PG&E's ability to provide this data.

We look forward to working together to achieve an expeditious resolution of this outstanding issue.

Kind regards,

Beth

Elizabeth Kelly
