Subject: RE: PG&E quarterly briefing on transmission and substation projects

Meredith

That resolution was approved a couple of weeks ago. Both AL 4058 and AL 4066 have been approved. I thought that PG&E had been notified. I am CCing our ED tariff unit and Lon Payne and others on this email so they can follow up with some formal notification to you. I am in Sacramento and will not be in the office tomorrow or I would follow up myself. Sorry for the omission and confusion.

Mary Jo

That works great.

Also, do you know the status of the resolution on AL 4066? Paul Clanon's office had a question on it a couple of weeks ago but we never saw the resolution. I'm wondering if we missed it.

Thanks,  
Meredith

Hi David and Meredith

Can you suggest a few dates and times in April when we can get together and discuss upcoming PG&E projects?  
I will check on availability of staff and energy division management and let you know what time will work.

Thanks for your help

Mary Jo
