Subject:

Parties-

SCE's models and manual have been updated since last week. In summary, here are the changes:

1. Manual explains TOU Peak Surcharge (cents/kWh)
2. Manual explains TOU Off-Peak Credit (cents/kWh)
3. Manual explains and model notes that "Min. bill" is \$/month
4. Noted that the NEM model only accounts for Tiered rates, and not TOU rates due to the lack of TOU data for NEM customers as a result of SCE's smart meter roll out.
5. Explain that the GRC Phase 2 rates are estimates and the structures are expected to become effective on 4/1
6. Included pre-2001 crisis rates for reference.
7. Included print and print naming functionality in model and noted in manual.

1.
