Arthur,,

We could meet from 2:30-3:30 on Wednesday 3/13; or 9:30-10:30 on Thursday 3/14 to discuss the CRADA and IP issues. Would either or those times work for you? If not, what alternate times would work next week?

Erik

Subject: CRADA and IP

Liza and Arthur,

Do you have any availability on March 6, 7, 11 or 12 to discuss the CES-21 Cooperative Research and Development Agreement and how we propose to deal with the IP issues that came up at the workshop this week? We will also probably want to discuss prioritizing/phasing the proposed research projects. I think one hour would be sufficient. It would be Chris Warner from our law department along with Redacted and myself. Ed is welcome to join in if he is interested in these more detailed discussions.

Erik
