Subject: 2013 California Gas Report Supplement

Dear All, the time has come to begin work on the 2013 CGR Supplement. As you know in the odd years we are only required to update the 2012 actual data. The due date for filing the Supplement report is July 1, 2013. Attached is a proposed CGR Supplement report schedule with a report kick-off meeting on March 14, 2013. I have set up a call in number for the meeting and hope that you can call in or have an alternate call in if you cannot make it. Attached is a draft schedule for report process. I have included Paul Deaver of the CEC as a contact but I understand Paul has moved on to the electric side of the CEC. Paul, please let me know who will be taking over your role in the CGR this year. Let me know if this schedule works for you. As always, we at PG&E look forward to working with you on this report. Thank you, Reda.
