Subject: RE: CES-21: Upcoming Board Meetings

Thanks Erik.

I think that's a good approach on the board chair. Thanks for pointing out the Exec Director point which I had missed.

We have some draft bylaws that are almost finalized. It is our intent to distribute these bylaws to the Board for review by this Friday. One of the agenda items for the March 19 meeting would then be to consider and adopt some bylaws. Assuming the bylaws are adopted, the Board would be in a position to consider other governance matters such as election of the Executive Director (listed in the second bullet of David's email) and appointment of a Board Chair.

If the Board wishes to defer consideration of the Board Chair, we could certainly take that issue up at the next Board meeting on April 11th. I'd recommend we keep this item on the March 19th agenda for discussion purposes and then leave it to the Board to decide whether or not to take any action. We could change the language of the agenda item to read "Discuss and/or Appoint Board Chair".

That time is fine. Re the agenda, however, I don't feel in a position to elect a board chair. I only know one of the board members and have never even met the others. I have not seen anything that addresses governance issues of this organization, including our responsibilities and duties of the board. I go into this with the assumption that the board chair should be one of the independent board members, but would like to discuss that with all of the board.

One item that should be on the agenda and seems to be missing is the hiring of the Executive Director. We have a tight schedule and need that done as soon as possible.

I'm about to board a flight to Boston, but happy to discuss these things by phone later.

Unfortunately, there does not appear to be a good date for the Board meeting the week of March 11. Therefore, please provide me with your availability the week of March 18 in table below.
