

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE
SAN FRANCISCO, CA 94102-3298

March 28, 2013

Mr. Sachu Constantine
The California Center for Sustainable Energy
9325 Sky Park Court, Suite 100
San Diego, 92123

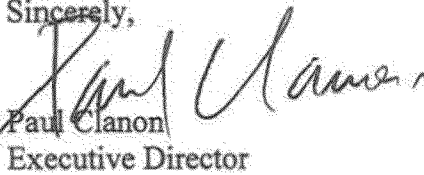

Dear Mr. Constantine:

By your letter dated March 19, 2013, the California Center for Sustainable Energy (CCSE), on behalf of the California Solar Initiative (CSI) and CSI-Thermal Program Administrators, requests to cancel the CSI Public Forum for Q1 2013 and resume holding the Public Forum in Q2 2013.

Decision (D.) 06-08-028 and D.10-01-022 order the CSI Program Administrators to convene a public forum to vet CSI and CSI-Thermal program issues with stakeholders at least one time each quarter.¹ Your letter states that the most cost-effective use of administrative funds is to postpone the CSI Forum until Q2 2013 when more program information on CSI and CSI-Thermal issues will be available to share with stakeholders.

The reasons cited in your letter justify the cancellation of the CSI Public Forum for Q1 of 2013. The CSI Public Forum shall resume in Q2 of 2013.

Sincerely,

Paul Clanon
Executive Director
