You can count me in. I have a couple recommendations for your panel, 2 former Directors of the School now out in the civilian world leading some commercial safety efforts, [Redacted] at Disney and [Redacted] at Futron Co. Also, just met [Redacted] USMC (ret), like you, a Platoon leader in Vietnam, ended up as a Space Shuttle Commander for NASA, and then was NASA's Deputy Director of Engineering and Safety. He lives in Houston, not sure if he would be interested but I think he would be great for your panel. Finally, Doc Figlock who runs the Naval Aviation's, Climate Surveys for the CO's, he is right down the road at Monterrey. Pulling the string on investigation training out there. Will send when I have all the info, we have a couple places we use. Below is contact info for potential panel members: Former Director of School of Aviation Safety [Redacted] Manager of Quality Engineering at The Walt Disney Company Aerospace Safety

Advisory Panel at NASA Adjunct Instructor at Embry-Riddle Aeronautical University All I have is his email [Redacted] COL, USMC Ret, Platoon Leader, Naval Aviator, Astronaut, former Deputy Director NASA Engineering and Safety Center, also School of Aviation Grad from ASO and ASC course. BIO: [Redacted]

[Redacted] President Advanced Survey Design - they do CSA/MCAS for the USN and USMC. [Redacted] Region United

[Redacted] Former Director of School of Aviation Safety [Redacted] Technical Director, Aerospace Safety Futron Corporation [Redacted]

[Redacted] [Redacted] Finally, OBTW: USMC is looking at piloting our course for a 6 day USMC Ground Safety Officers course for PCO's of ground units. Thanks for a copy of your brief. Attached is an interesting article on safety culture if you would like a good read over the weekend. V/r [Redacted]

The Audience would be the presidents, CEO's, and board of directors of the gas companies in California and the Californian Public Utilities Commission Commissioners. About 100 people. Who else would you recommend be on this panel? We have [Redacted]

as a quest speaker. We will pay your freight. Separate item: Where can I send my people to good accident investigation training and where is the format for an accident investigation not the JAG manual investigation, but mishap investigation? I am trying to establish a two track investigation process: Safety investigation with privileged information and a separate punitive investigation for responsibility. Let me know what you think and I hope to see you in May. Semper Fi, BG H Brigadier General (CA) Emory J.
