Subject: RE: Dry run at Milton Marks Auditorium?

FYI, Andy Kotch from my office will attend the dry run to see where to place the media sign-in sheet, see if there's a place for reporters to plug into the sound feed, etc. He will also attend the first day (at least the beginning) to assist any reporters. Chris Chow from my office will attend the second day of the Symposium to do the same.

You should invite Robert Stanford instead of me. And perhaps the audio/visual folks from the Milton Marks auditorium. One of our Information Officers will definitely be in attendance, at least for the first part of each day, to assist any reporters who may show up. Do you think it would be beneficial for that person to attend this dry run with you?
