Thx Gabe. Unfortunately, I don't believe PG&E will have citations to share before the actual filing, given our management review process. We will be happy to compile the citations in our filing after we file for convenient access by parties. We also can provide copies or links for the record if that would be useful for the Commission and parties as well.

Subject: R.12-06-013 - Request for Informal Exchange of Research Paper Citations

Dear Parties to R.12-06-013,

In the March 19, 2013 Ruling from ALJ McKinney, Attachment A “Questions for Rate Design Proposals” question #2 asks parties to “support your proposal with evidence citing research conducted in California or other jurisdictions.”

In an effort to exchange research paper citations among parties, we invite parties to send to the Energy Divisions citations of research they believe could be potentially informative to this proceeding. **If you have citations that you would like to share with all parties please send them to Gabe Petlin by April 30th.** I will consolidate the suggested citations and send them to all parties as an **information resource**. We are doing this for the convenience of all parties and the Energy Division does not endorse any research citation nor pre-judge whether any citations would be potentially entered into the record of the proceeding. If any party would like to cite research to support their proposal they will need to submit the evidence with their proposal or reply comments at that time.

Thank you for your assistance.
