Subject: RE: CPUC Natural Gas Safety Symposium Invitation and Agenda

Hi Carl,  
I apologize about this. I am looping in Liza Malashenko from our Safety and Enforcement Division and Laura Doll from PG&E - they are working on the agenda and can shed some light on what's going on.

Terrie

Hi Terrie,  
Thanks for the invite to this Symposium. I see from the agenda that I am listed as a speaker. I did have one brief conversation a month ago or so about that possibility, but have heard nothing else since. Will more information be provided soon about expectations, format, etc?

Thanks

Carl
