Subject: Update on review of procedures

Liza—I have not forgotten the items that I said I would send you from our meeting 2 weeks

ago (the up-to-date list of PG&E's self-reported violations which now number 48, a draft suggestion for the memorandum of understanding for the BV (bureau veritas) audits of the PSEP construction work, and a summary of where we are with our on-going review of welding procedure documentation). I hope to get those to you in the next day. Thanks for your patience,

Jane
