I vote for including the content from the agenda, even though there will be some supplements added by the end of the week.

Does anyone have a problem with that?

I can remove this tab or include the content from the agenda that was sent out with the invitation.

Thank you!

Laura,

When you click on the symposium website, there is nothing on the agenda. Sorry if I missed the conversation on this, but is it intentional because we are waiting to finalize or is the site broken?

Thanks,

Liza
