Laura,

Great, please let me know when you do have that call in information and the exact time. I'm cc'ing Jen Kalafut, advisor to Commissioner Peterman on here in case she is interested in attending as well.

Also, the May 2 Sacramento workshop is official and if PG&E has presenters please contact me as soon as possible. So far ARB/OEHHA and the Coalition for Renewable Natural Gas are signed up. The focus will be on human safety, not pipeline safety--which may get its own workshop later.

Thanks,

Franz

Franz

Good morning!

PG&E will be meeting with ARB next Tuesday, April 23, in Sacramento to talk further about the AB 1900 implementation issues. I believe we'll be able to have a call-in number and Redacted Redacted will make sure you have that.

Hope all is well.

Thanks

Laura
