Subject: RE: biogas -- Follow-up Discussion to March 27, 2013 California Public Utilities Commission Workshop on Biomethane Standards per Assembly Bill 1900

Laura,

I still haven't heard anything about who is presenting what, and for how long for May 2 if you are interested. Please let me know as time is running short for finalizing the agenda.

Thanks,
Franz

Franz

I am sure we will want to talk -- probably Carol Burke would present. But we haven't figured it out yet and so will let you know next week.

Have a good weekend!

Laura

On May 2 we are planning to hold a second workshop on AB1900 implementation in Sacramento at the CalEPA offices.

ARB/OEHHA plan to give a presentation in the morning, but we have a few hours available for stakeholders who wish to make presentations of their own.

If your organization is interested, please contact me as soon as possible with your proposed presentation agenda and timeframe. You will have access to electronic projectors if you decide to bring an electronic document on a USB key.

Thanks,
Franz Cheng, Sr. Regulator Analyst
